

Start Here: The Law Soda Process

Smart Legal Solutions, Straight Up.

Step 1: Review the plans listed [here](#) and let us know your budget. Please include both your ideal budget and your maximum budget. You may combine two or more plans to better meet your business needs.

Step 2: Once we receive your budget information, we will contact an attorney in our network located in your area and share your business needs and budget. If the attorney is interested, we will schedule a video conference with you, the attorney, and our CEO.

Step 3: If the meeting goes well and you choose to move forward, we will prepare a month-to-month legal services agreement for your review and signature. The agreement may be canceled by any party with 30 days' written notice. The agreement will also be signed by the attorney and our CEO.

Step 4: You will submit the payment in accordance with the terms and instructions outlined in the agreement.

Step 5: Upon receipt of your payment, the attorney will begin providing legal services.

Important Note: All legal advice and legal services are provided solely by the attorney. Law Soda provides administrative support and maintains [SodaHub](#), our online case management platform. A username and temporary password will be created for you, and you will be invited to a shared workspace with the attorney and an administrator. The primary purpose of this space is to track hours and document tasks completed by the attorney.
